## Our Donors & Partners

## Forthcoming Response

- Installation of Solar Reverse Osmosis (RO) Water Filtration plants
- Medical Camps
- Sessions on MHH & Health and Hygiene
- Construction of Emergency Toilets

## Acknowledgements

We are thankful and indebted to our generous partners and donors for their support which has enabled us to timely respond to the emergency situation and reach out to the most vulnerable communities. LPP could not create a difference without this timely support which helped us saving so many lives.

## Beneficiaries Reached (Women, Children, PWDs, Elderly, Minorities)

6725 households consisting of 32378 individuals badly affected by flood.

## Thank you message from the communities

Passing on messages received from the vulnerable communities of District Rajanpur Punjab, LPP would like to thank Concern World Wide (CWW) for the life-saving cash grants which had the power to dilute the impacts of floods in the target areas. This amount has protected and saved lives of 6725 households including Women headed HH, Persons with disabilities, elderly and people living below poverty lines

## A view from the Ground
