Our Commitments

LPP is responding with the Government, donor organizations and its corporate social responsibility (CSR) fund, helping to deliver safe-drinking water, provision of multi-nutritional feed for livestock, agricultural inputs for small farmers and winterization kits. LPP is on the ground before, during and after emergencies, applying its best to serve the people in need with life-saving aid and long term-assistance.

Acknowledgements

We are thankful and indebted to our generous partners and donors for their support which has enabled us to timely respond to the emergency situation and reach out to the most vulnerable communities. LPP could not create a difference without this timely support which helped us saving so many lives.
